*Minister in Charge of the Department.*

Sir,—

I have the honour to submit herewith the Thirtieth Annual Report of the Registrar of Loan Corporations for the year 1927 (business for the year ended 31st December, 1926).

The statements included in this report are arranged alphabetically according to the classes of corporations defined by the Act, namely, Loan Corporations, Loan Land Corporations and Trust Companies. In addition there are certain statistical tables tabulated summaries and comparative statements more fully described in the Table of Contents.

The preliminary text submitted with the abstract of this report under date of July 1st, 1927, outlining registry changes during the year and important features of 1926 business is included herewith on the next following page. The publication and distribution of an abstract of this report early in July should relieve any embarrassment occasioned by the delayed publication owing to circumstances beyond the control of the Department, of the present detailed report.

### ADDITIONAL REGISTRY CHANGES

Since the publication of the abstract I have the following registry changes to report.

By an agreement dated the 17th day of May, 1927, the Canada Permanent Trust Company of Toronto acquired by purchase the assets and liabilities, business, rights, property and good will, etc., of the Brantford Trust Company of Brantford, Ontario. # PRELIMINARY TEXT SUBMITTING ABSTRACT REPORT, JULY 1st, 1927.

---

TO THE HONOURABLE WILLIAM H. PRICE, K.C., M.P.P.,  
*Minister in Charge of the Department.*

SIR:—

I have the honour to submit herewith an abstract of the Thirtieth Annual Report of the Registrar of Loan Corporations of Ontario upon the affairs of all registered loan corporations, loaning land corporations and trust companies doing business in Ontario during the year ended 31st December, 1926.

This report shows in tabulated summaries the financial condition of these corporations as taken from their annual statements filed with the Department on or before the last day of February, 1927, in respect to their business for the preceding calendar year, subject in some cases to certain adjustments and corrections necessary to secure uniformity and comply with the provisions of the Act. It is to be distinctly understood, however, that subsequent to the annual inspection now proceeding, the statements herein contained are subject to such further changes or modifications, as may, in the opinion of the Registrar, be necessary to show the true and correct financial condition of each corporation. The Department does not assume responsibility for the correctness of the figures submitted or for the valuation of the securities which compose the assets of the corporations.

The report is arranged alphabetically according to the class of corporations defined by the Act, namely loan corporations, including loaning land corporations and trust companies.

## REGISTRY CHANGES

Since the publication of last year's report, I have the following registry changes to report.

By an agreement dated the 20th day of December, 1926, the Canada Permanent Mortgage Corporation of Toronto acquired by purchase the assets, and liabilities, business, rights, property and good will, etc., of the Royal Loan and Savings Company, with head office in Brantford, Ontario. The agreement was ratified and confirmed by the shareholders of both companies and subsequently approved by His Honour the Lieutenant-Governor in Council. The transfer became effective as of the 4th day of March, 1927.

By an agreement dated the 12th day of April, 1927, the Huron and Erie Mortgage Corporation of London, Ontario, acquired by purchase the assets and liabilities, business, rights, property and good will, etc., of the Southern Loan and Savings Company of St. Thomas, Ontario. The agreement was ratified and confirmed by the shareholders of both companies and subsequently approved by His Honour the Lieutenant-Governor in Council. The transfer became effective as of the 13th day of May, 1927.

## OUTSTANDING FEATURES OF 1926 BUSINESS

A comparison of the summaries found in this report with those of the previous year shows an increase of more than \$16,400,000 in the total assets of loan and trust corporations registered in Ontario.

Trust companies contribute about \$18,100,000 of an increase, while loan corporations show a decrease of approximately \$1,700,000. The increase shown in trust company business was due to a number of loan corporations cancelling their registry as such, and registering as trust companies, also to the general increase in assets, particularly in guaranteed investment receipts and deposits. The decrease, as shown by loan corporations, is further attributed to one company cancelling their registry. Apart from these deflections the loan corporations show a steady increase of business over last year. Comparative summaries of the assets and liabilities of companies for the past six years will be found on pages 36 to 43.

Mortgage investments, amounting to more than \$216,000,000 constituted 64.6 per cent. of the total assets of all corporations. At the end of 1925 the total mortgage investments amounted to more than \$202,000,000 and constituted 63.5 per cent. of the total assets. The tendency to increase mortgage holdings is again apparent. The increase this year amounts to nearly \$14,000,000. The statement of mortgage investments of each of the corporations, classified as to provinces, is shown on pages 30 to 35. A schedule of like nature was included in last year's annual report, with which detailed comparisons may be made. A comparison of total mortgage investments held would indicate that both loan corporations and trust companies have been decreasing their holdings in western mortgages and increasing their Ontario and Quebec holdings. Corporations report a continued improvement in interest collections on western mortgages during the past year.

Real estate held for sale by all corporations amounted at the end of the year to slightly more than \$9,400,000, or 2.8 per cent. of the total assets. This marks an increase of approximately \$948,000 over the preceding year. It is to be noted that loan corporations show an increase of \$254,000, loaning land corporations, an increase of \$832,000, and trust companies a decrease of more than \$138,000. It was noted a year ago that the amount represented by this class of asset had increased in 1923 by 16 per cent. in 1924 by 12 per cent., and in 1925 by 5½ per cent. This year's figures mark a further increase of more than 11 per cent., indicating that foreclosures are continuing to be more rapid than sales.

Investments in government bonds by all corporations increased during the year by \$411,000, the holding of this class of security by loan corporations increasing by more than \$187,000. Trust companies by \$1,287,000, while the holdings of loaning land corporations were increased by \$1,063,000. The total investments in Canadian municipal securities show a decrease of approximately \$199,000. Investments in other bonds and stocks amount at the end of 1926 to nearly \$22,000,000 as compared with \$26,000,000 at the end of the preceding year.

There has been a substantial increase, \$4,100,000, in the amount of outstanding debentures of loan corporations payable in Canada. A year ago the increase noted was \$5,350,000. The following table shows the amount of debentures, both domestic and foreign, issued and outstanding at the end of each of the last eleven years. The remarkable reduction which occurred in 1924 in the amount of debentures payable abroad shows no sign of recovery:

|             | Payable in<br>Canada | Payable<br>abroad |
|-------------|----------------------|-------------------|
| *1915 ..... | \$28,435,263         | \$77,675,532      |
| *1916 ..... | 28,169,467           | 73,784,756        |
| *1917 ..... | 28,805,785           | 69,094,057        |
| 1918 .....  | 27,438,420           | 69,663,965        |
| 1919 .....  | 26,224,619           | 69,991,837        |
| 1920 .....  | 29,037,935           | 64,355,393        |
| 1921 .....  | 29,982,858           | 62,814,676        |
| 1922 .....  | 32,394,820           | 65,197,496        |
| 1923 .....  | 34,290,528           | 68,350,622        |
| 1924 .....  | 38,568,404           | 48,081,643        |
| 1925 .....  | 43,927,864           | 48,045,898        |
| 1926 .....  | 49,421,907           | 46,651,452        |

\*Interest not included.

The amount on deposit with loan and trust corporations amounts to \$48,773,000, an increase of almost \$4,498,000 over the preceding year. Deposits with loan corporations increased by \$443,000, and deposits with trust companies by \$4,055,000. Funds placed with trust companies for guaranteed investment increased in 1926 by more than \$11,423,000. The total increase in public funds placed with loan and trust corporations in Ontario, amounting to nearly \$22,000,000 in 1926, indicates the continued and increasing confidence of the public in these institutions. The total public funds held by loan and trust corporations on December 31st, 1926, for savings and investment amounted to more than two hundred and two million dollars.

The total amount of estates, trust and agency funds administered by trust companies shows a further substantial increase during the past year, the amount under administration at the end of the year being \$934,000,000 as compared with \$871,000,000 at the end of 1925.

The total net profit of loan corporations for the year 1926 amounted to \$6,158,283.50. The total profit of trust companies for the same period was \$2,668,308.28. Expenses of administration, as reported by the companies, amounted in the case of loan corporations to \$2,245,781.58, and in the case of trust companies to \$4,157,376.40. A statement including these figures is set out on page 4.

The value of shareholders' investment in these corporations as represented by paid-in capital, reserves, surplus and profit and loss accounts, showed in 1925 as \$125,142.00, and in 1926 as \$118,259,000, a decrease of more than \$6,882,000.

All of which is respectfully submitted,

R. LEIGHTON FOSTER,

*Registrar of Loan Corporations.*

## OF THE

### Deputy Minister of Public Works

---

I have the honour to submit a summary of the works performed by the Department of Public Works during the fiscal year ending October 31st, 1926.

The statue of Sir James Whitney was completed on the site chosen in front of the Parliament Buildings.

The Ontario Government Building for exhibiting the resources of Ontario at Exhibition Park, Toronto, was completed before the close of the year. This building was erected under agreement with the City of Toronto. During the period of the Exhibition construction was sufficiently advanced to permit of the building being used by the Departments of the Government.

*Maintenance and Repairs of Government Buildings.*—Repairs and renewals required on Government Buildings were promptly executed. Redecorating of corridors in the Parliament Buildings was carried out and the use of lighter colours was very effective.

*East Block, Parliament Buildings.*—Contracts were entered into for the completion of interior finishing, glazing and elevators, and such progress was made that the building will shortly be occupied. Ontario birch was used for interior doors and trim and has given splendid satisfaction. Elevator fronts, Ontario made and of the latest metal construction, are being installed. Marble from Bancroft quarries and a buff limestone from Shelburne is being used in the first floor corridors and Exhibit Hall and elsewhere for interior finish. To provide convenient access between the Parliament Buildings and the East Block a tunnel was completed which will provide for pedestrian traffic. Part of the tunnel is partitioned off and serves as a service tunnel for heating pipes and telephone cables and other services between the two buildings. A seven-position telephone switchboard has been installed and when in operation will take care of all telephone service in the two buildings.

*Public Institution Buildings.*—At the Boys' Training School, Bowmanville, a workshop, store building, pumphouse, superintendent's residence and sewage disposal plant were erected.

*Educational Buildings.*—Maintenance and repairs to the schools under the authority of the Department were carefully attended to.

*Agricultural Buildings.*—The School of Baking at Guelph was completed and arrangements made for use of the building. Vimy Ridge Farm, west of Guelph, was prepared for the reception of British boys. This work involved the installation of waterworks, the remodelling of the farm house, the fitting up of a comfortable dormitory and the completion of a covered passageway in order to bring all parts of the structure under one roof for convenience and proper supervision. At Ridgetown a combined Agricultural School and Community

Hall was completed. At Ontario Agricultural College, Guelph, a steam pipe was laid to connect Macdonald Hall to the central heating plant, and improvements made at the swimming tank in the gymnasium.

*District Buildings.*—At Fort Frances the construction of a new Registry Office and Land Titles Office was undertaken. At Port Arthur the new gaol was completed and occupied.

*Engineers' Branch.*—Bridge construction during the year amounted to 134 structures of which two are steel, seventy reinforced concrete and sixty-two of timber.

*Storage Dams.*—One storage dam at Crane Lake in Parry Sound District was completed.

*Navigation.*—Repairs to locks, dams and swing bridges on inland navigation under control of the Department were carried out.

*Secretary's Report.*—The Secretary's report gives list of contracts entered into for materials and works during the year.

The following is a summary of the Departmental expenditure during the fiscal year ending October 31st, 1926.
